

The Unity Symbol

This image comprises 5 very Sacred Geometric symbols containing the building blocks of all life in the Universe. This is a symbol of Unity! By gazing into its single 'eye', you will re-discover the Unity of oneness.

The 5 symbols are, the Egg of Life, Metatrons Cube, the Tree of Life, the Torus and 4 figures of 8.

Egg of Life

The Star Tetrahedron. Original 8 cell stage of all life. These initial 8 cells never die, they are the original 8 cells of your body and stay constant in the precise geometric centre of your physical body slightly above the perineum. The 8 spheres of the Egg of Life are positioned in a North and South orientation.

Torus

The Torus is like a doughnut continually rotating and turning in on itself. It is the only object that can completely encompass itself, no other shape in existence can do this or anything similar. The Torus appears after many more cell divisions, coming from a 'blob' of consciousness, its insides start turning out, becoming a hollow ball or sphere and then a Torus at 512 cells.

Again, all life goes thru this same Torus procedure, uniting and exemplifying the connectedness of all life, we all have the same origins, both as consciousness and in geometrical form.

The Planet Earth and its Electromagnetic field is a Torus.

Metatrons Cube

Stemming from the Fruit of Life, which is achieved by continuing the circles of the Flower of Life 2 more times to reveal a Hexagonal shape with 13 primary circles or spheres. If you connect the centres of all of these circles (female) with straight lines (male) you end up forming all 5 of the Platonic Solids, the essential geometric building blocks of all organic life. These are the Cube, Tetrahedron, Octahedron, Icosahedron and Dodecahedron.

Tree of Life

The Tree of Life is formed out of the Flower of Life. The Tree of Life is the centres of the central 11 circles in the Flower of Life. There are traditionally 10 centres to the Tree of Life but can also be expanded to include 13 centres. These centres relate to the chakra system, musical tones and overtones and to dimensional levels in the universe.

Figure 8

There are 4 figures of 8 in this image. The 8 represents Infinity and Continual Motion.

This symbol is on the top and bottom surfaces of a craft located beneath the Sphinx (so I am told!)

The *Unity Symbol* is extremely powerful. By looking into it, we become re-acquainted with who and what we are and where we came from. It opens and establishes connections within our brain to expand our awareness and provides tools for healing. It is all about Unity. Accepting the consciousness of Unity and Oneness.

You may use The *Unity Symbol* in meditation, asking to receive its wisdom.
